PUBLIC COMMENT

*Ms. Meyers asked for update on Residential Application. Board explained to her that DPR upper management has to review over it. However, it goes into effect January 1, 2019.

*University of Delaware asked about ballast change and if would need to be a licensed electrician working under journey person or masters. Mr. Travers confirmed that electrician has to work under a Master.

* Robert Gebhart wanted to know if he would be liable for a Chief engineer not having a Master and that he is a Limited license holder. There is no license holder for plumbing/HVACR/electric at the work site he is at. Mr. Gebhart also wants to report what is going on at his work site. Deputy Attorney General told him he has to go through the normal complaint process and will provide website as well as explain how to file a complaint. Then Mr. Gebhart asked a question about the statute pertaining to Journey person. He wanted to know if a Journey person have to work under the supervision of a master electrician since it was not stated clearly in statute. Mr. Travers said that he will have an answer and clarification for Mr. Gebhart at the next board meeting, November 7, 2018.
